REPORT OF THE CHIEFS:

Chief Lingenfelter:

- Considering the current shortage of firefighter/paramedic candidates within Schenectady County and the expected demand in 2008, Chief Lingenfelter asked the Board to modify the residency requirements on our firefighter civil service announcement to modify the residency restriction on taking the exam to include all of New York State, and change the residency requirement for appointment to include Schenectady County and all counties contiguous to Schenectady County. This should increase the number of candidates available for appointment to future firefighter/paramedic positions in the department. The City of Batavia had advertised their exam statewide last year and still had difficulty finding suitable candidates.
